

C. Student Files:

It is necessary for the school to maintain extensive and sometimes personal information about pupils and their families for educational purposes.

The superintendent shall be responsible for the collection of information concerning a student and his family upon entry in the Montpelier School District #14. Student files shall be open to inspection and review by parents and other designated personnel as authorized by the parent.

The school may, without consent of parents or students, release information about a student to teachers and other school officers who have a legitimate educational interest.

When a pupil transfers to another school district, student files shall be released only by written authorization from the parent.
