## **AT. Use of Technology**

It is the responsibility of each student to use technology in the Montpelier School District in a manner that appropriately reflects the educational goal and objectives of the district. Access to the various technologies of the school district is a privilege and not a right. Students who misuse the technology in any manner may be punished, including the loss of all privileges to use all available technologies.

Students are to use the Internet and the school network in a:

- a. considerate, ethical, and lawful manner;
- b. manner consistent with curricular objectives;
- c. manner which ensures the safety of themselves and others;
- d. manner which respects the privacy of accounts; and
- e. manner which respects the rights of others to access the Internet and the network.

## STUDENT ACCEPTABLE USE POLICY

### Acceptable Use of Electronic Networks

All use of electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or proscribed behaviors by users. However, some specific examples are provided. The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

### Terms and Conditions

1. Acceptable Use – Access to the District's electronic networks must be: (a) for the purpose of education or research and consistent with the educational objectives of the District; or (b) for legitimate business use.
2. Privileges – The use of the District's electronic networks is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The system administrator (and/or building principal) will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. That decision is final.
3. Unacceptable Use – The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:
  - a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any federal or state law;
  - b. Unauthorized downloading of software, regardless of whether it is copyrighted or devirused;
  - c. Downloading copyrighted material for other than personal use;
  - d. Using the network for private financial or commercial gain;
  - e. Wastefully using resources, such as file space;
  - f. Hacking or gaining unauthorized access to files, resources, or entities;
  - g. Invading the privacy of individuals, which includes the unauthorized disclosure, dissemination, and use of information of a personal nature about anyone;
  - h. Using another user's account or password;
  - i. Posting material authored or created by another, without his/her consent;
