

Written Notification of School Accountability Report

Dear Parent/Guardian,

North Dakota has launched a new dashboard designed to help communities across the state access important information about K-12 districts and schools. Insights features easy-to-read reports on multiple measures of school success, including:

- Test Scores
- Graduation Rates
- English Learner Progress
- Student Engagement
- State Accountability

Transparency to the Public

North Dakota is committed to informing communities about how well our schools are doing. North Dakota's future success depends on tapping into the potential of all students, so they graduate choice ready with the knowledge, skills, and disposition to be successful.

State education departments are required to annually create an accountability report for every public school in the state. The school accountability reports outline how schools are performing on the accountability elements North Dakota selected within its ESSA plan.

How is our School Doing?

To find out more information about our School Accountability Report, visit the dashboard at [Insights.nd.gov](https://insights.nd.gov), select "Find My School", and search alphabetically for our school. The school accountability report is posted under the Dashboard heading.

Please note, the data made available to the public masks or hides data for groups with 10 or fewer students to protect confidential information about individual students. Therefore, if data is not available to less than 10 students, it will say "no data available".

The 2018-2019 enrollment was 109 students grades PK-12. The school's proficiency rate for English language arts was 45-49% compared to the state average of 47%. Proficiency rate for math was 40-44% compared to the state average of 44%. The attendance rate was 95.3%.

Family Engagement

We have strong plans for working to improve the educational programs at our school. We would like you and your child(ren) to continue to be active participants in our educational system. Please help support our high expectations for student achievement by participating in the school educational initiatives, offering input and support in our endeavors to raise student achievement, or volunteering at the school. Meeting our school's goals will take a united effort, and I look forward to working with our families to ensure success for each student.

Continuous Improvement

All schools engage in continuous improvement for general support; therefore, our school has completed a continuous improvement plan through Cognia (formerly AdvancED).

As part of the overall school improvement plan, a strategy map is generated for each school. Our strategy map, outlining our key school improvement initiatives, is available on the Insights Dashboard.

Montpelier School is a participating Title I school, with a student membership count of 106 students.

School Support

In addition, our elementary school was selected for Comprehensive Support due to the low percentage of students that were proficient on the state assessments and lower than expected academic growth.

If you have any questions regarding this information, please contact the school at 214 7th Ave. Montpelier, ND 58472, or phone 701-489-3348 or email jerry.waagen@k12.nd.us.

Thank you,

Jerry Waagen
Superintendent
